NEW YORK | REAL ESTATE

Court Appoints Temporary Receiver of Rents, Defendant's Arguments Unavailing

Plaintiff sought to foreclose on a mortgage encumbering a parcel of improved real property located at 27-35 West 24th Street in Manhattan. Plaintiff commenced the action where it was alleged defendants defaulted in repayment of the note. Plaintiff moved for the appointment of a temporary receiver of the rents of the mortgaged premises. The motion was granted. The court held defendants had not demonstrated that denial of the appointment of a receiver was an appropriate exercise of the Court's discretion. Defendants' assertion that the looming issue of plaintiffs standing and other purported deficiencies in a yet made motion for summary judgment doomed the motion was unavailing.

Justice Francis A. Kahn III
Supreme Court

SIG CRE 2023 Venture LLC v. West 24-27 Realty LLC, 850066/2025 (June 9)

NEW YORK | CONTRACTUAL DISPUTES

Summary Judgment Granted; Plaintiff Entitled to Retain One Million Dollar Deposit

Plaintiff APMSF Investor LLC moved for summary judgment on its singular cause of action for declaratory judgment that it was entitled to retain a \$1 million deposit made by defendant PM Mezz Buyer LLC under the parties' Mezzanine Note and Option Purchase and Sale Agreement. The motion arose from a failed note purchase transaction for a \$275 million mezzanine note secured by an interest in the Parkmerced Project, a multi-phase residential development in San Francisco, California. The motion was granted. The court held plaintiff was entitled to retain the \$1 million deposit as valid liquidated damages. Likewise, defendant's opposition failed to raise any genuine issue of material fact sufficient to defeat summary judgment. Defendants did not dispute that plaintiff satisfied the two conditions precedent on or before the closing date, and that defendant failed to remit the balance of the Purchase Price on the Note through no fault of plaintiff Seller.

Justice Anar Rathod Patel
Supreme Court

APMSF Inv. LLC v. PM Mezz Buyer LLC, 650314/2025 (June 13)

KINGS | MEDICAL MALPRACTICE

Summary Judgment Denied in Negligence Action

Plaintiff claimed that due to defendants' alleged negligence—both primary and vicarious—her tumor went undiagnosed and untreated until a contrast-enhanced MRI revealed the tumor. The tumor was surgically resected. Plaintiff alleged that the delay in diagnosis resulted in irreversible vision loss in her right eye. Defendants moved for summary judgment. The motion was denied. The court held given the conflicting expert affirmations, the matter presented issues of credibility and fact for jury determination. Likewise, although defendant submitted evidence that a Dr. Campbell was not its employee but rather an independent contractor employed by Envision Physician Services, plaintiff raised triable issues of fact as to apparent or ostensible agency.

Justice Patria Frias-Colón
Supreme Court

Aqui v. Johnson, 523047/2020 (June 13)

KINGS | LITIGATION

Petitioner Denied Restoration of Instagram Account; Damages for Emotional Distress

Petitioner's Instagram account was flagged as fake and disabled on or around March 18, 2025. She attempted to resolve this issue through Meta Platform, Inc.'s internal channels. These attempts were not successful, so she sued Meta, seeking the immediate reinstatement of her account, as well as \$2,500 in damages to cover legal expenses and as compensation for emotional distress. The court denied the petition. The court held that petitioner failed to demonstrate a breach of contract inasmuch as she did not identify how closing her account violated Instagram's Terms of Use. Moreover, petitioner did not meet the bar for either a cause of action for negligent infliction of emotional distress or for intentional infliction of emotional distress.

Justice Aaron D. Maslow
Supreme Court

Kolomenskava v. Meta Platforms, Inc., 430/2025 (June 15)

KINGS | LANDLORD TENANT LAW

Motion to Reargue 100% Rent Abatement Decision Denied by Court

Petitioner, in a nonpayment proceeding, moved to reargue the portion of the court's order which granted respondent a 100% abatement for the period June 2020 through May 3, 2022. Petitioner moved seeking to vacate that portion of the court's order which dealt with any rent not sought in the petition. The motion was denied. The court held it did not find petitioner's argument persuasive that the Appellate Term's reasoning in limiting a rent deposit to the petition amount, which is clearly pre-merits, should be applied to the award of an abatement once a MDL 302-a violation had been established, which is based on the merits. The language of MDL 302-a was clear and unambiguous as to the court's ability to apply a 100% abatement for the period that the rent-impairing violation existed. The violation in question existed in a common area of the subject building, becoming ripe under NY Mult. Dwell. Law § 302-a on January 17, 2020.

Judge Juliet P. Howard
Civil Court

1616 President Street Associates LLC v. Edwards, LT-309302-20/KI (June 20)

RICHMOND | FAMILY LAW

Courts Grants Revision of Custodial and Financial Arrangements in Matrimonial Action

A rising from a matrimonial action, defendant moved for revision of the current custodial and financial arrangements asserting a substantial change in circumstances, which included allegations of plaintiff failing to provide a stable and supportive environment resulting in younger child's chronic absenteeism from school and failing grades. Plaintiff cross moved seeking custody alleging the younger child has reported feeling unsafe in defendant's home due to defendant's behavior and further argued that defendant attempted to run her over with a vehicle. Defendant's motion was granted. The court held defendant provided compelling and largely uncontroverted evidence that younger child's academic welfare deteriorated significantly while in plaintiff's custody, particularly evidenced by the magnitude of absenteeism, missing assignments, and failing grades presented in the record. Plaintiff did not dispute these facts nor offer a persuasive explanation for younger child's academic decline. Nor did Plaintiff articulate a concrete plan to remedy these deficiencies should custody be returned to her.

U.S. - SDNY | CRIMINAL LAW

Search Warrant Met Fourteenth Amendment's Particularity, Probable Cause Elements

Charged with one count each of sex trafficking of a minor and using interstate facilities to promote unlawful activities (Subject Offenses), defendant Thomas moved to suppress evidence seized from his home on July 22, 2022, arguing that the search warrant was overbroad in authorizing the seizure of any and all electronic devices and thus unconstitutional. The court denied defendant's motions for suppression and a *Franks* evidentiary hearing. Contrary to his assertion otherwise, the subject search warrant was limited to devices reasonably believed to be used, possessed, or controlled by him that may contain any electronically stored information responsive to specified categories of information. Thus the search warrant satisfied the Fourth Amendment's particularity and probable cause elements. The search warrant identified the specific offense against Thomas, described the places to be searched, and described the particular type of materials to be seized. The complaint and search warrant provided ample probable cause to support the belief that electronic devices were used as instrumentalities to facilitate the Subject Offenses.

U.S. - SDNY | EDUCATION LAW

Dispute Is Remanded to IHO to Clarify Terms Of Ambiguous Final Judgment

Individually and on behalf of disabled minor child M.G., plaintiff sued defendant Chancellor of the New York City Department of Education (DOE), in his official capacity, to compel the DOE to provide school transportation funding for the 2022-2023 school year in accordance with her understanding of an administrative order issued pursuant to the Individual with Disabilities Education Act. District court remanded the instant dispute to the Impartial Hearing Officer to clarify the terms of that IHO's final judgment. The parties' dispute came down to two plausible interpretations of an ambiguous administrative order, issued in connection with the IHO's prior Findings of Fact and Decision (FOFD) that DOE denied M.G. a free and appropriate public education, and that M.G.' placement at iBrain for the 2022-2023 school year was appropriate. Judges reviewing the order's exact language in other IDEA cases have found it necessary to remand the issue to the IHO for further clarification.

U.S. - EDNY | CIVIL PROCEDURE

ADA, NYSHRL Suit Against Hotel's Owner Dismissed for Lack of Personal Jurisdiction

On his own and others' behalf legally blind Queens resident Wills sued defendant Resorts World Las Vegas LLC for failing to comply with the Americans with Disabilities Act and New York State Human Rights Law. Wills alleged that he was unable to use defendant's website to book a room at its hotel Resorts World Las Vegas because defendant failed to build a website compatible with screen access programs. Defendant sought dismissal of Wills' complaint for failure to adequately allege standing and for lack of personal jurisdiction. The court granted dismissal based on lack of personal jurisdiction. Incorporated in Delaware, defendant has its principal place of business in Nevada. It has no employees or physical presence in New York nor participates in media events, publication solicitations, or other advertising targeting New York. Defendant did not purposefully avail itself of the New York market by means of its 'passive'—albeit interactive—website. Nor did Wills allege that he, or others, completed transactions over defendant's website. As a result, Wills did not make a prima facie showing of jurisdiction over Resorts World Las Vegas LLC.

U.S. - NDNY | CIVIL RIGHTS

Inmate's Rights Suit's Claims Dismissed On Immunity, Failure to State Claim Grounds

Plaintiff inmate Blue's amended complaint under 42 USC §1983 alleged that corrections officer Woods and corrections sergeant Olivencia destroyed his personal property in a search of his cell. Blue also alleged that the state's attorney general, other high state officials, and judges conspired to deprive him of funds in his prison account via a state court action brought under the "Son of Sam Law." The complaint was construed as asserting Fourteenth Amendment due process, malicious prosecution, and equal protection claims; as well as Eighth Amendment conditions-of-confinement claims; and various claims under state law. Action was dismissed without prejudice to Blue's pursuit of available state law remedies in state court. Alternatively, action was dismissed on immunity grounds and for failure to state a claim on which relief could be granted. Documents attached to Blue's amended complaint made clear that state official acted under state law to preserve funds in his prison account so that they remained available to satisfy any judgment in favor of his victims.

Blue v. James, 9:24-CV-1203 (June 23)

U.S. - WDNY | ATTORNEY COMPENSATION

Reduced Attorney's Fees Determined, Awarded as 'Exceptional' in Patent Litigation

In plaintiff MASA's patent litigation, the court deemed the parties' instant case "exceptional," for purposes of an award of attorney's fees under 35 USC §285, due to MASA's belated pursuit of previously undisclosed infringement theories and its disregard for Local Patent Rules and court rulings. The court found Xerox entitled to attorney's fees incurred in connection with its motion to strike and in seeking judgment on claim 2 of the '974 Patent and on claims 1 and 51 on the '314 Patent. In supplemental filings Xerox sought \$120,471.52 as a good faith estimate of compensable fees. MASA sought reduction in light of Xerox's failure to apply the hourly rate prevailing in the district. The court awarded Xerox \$90,354.02 in attorney's fees. The rates sought by Xerox were substantially higher than those in the instant forum as they represented counsel's location in the San Francisco Bay area market. The court found a reduction in rates justified, and specified the appropriate rates, reflecting a 25 percent reduction, for counsel's partners, associates, and paralegals. The court accepted Xerox's counsel's estimate of time spent as reasonable.

The Chief Administrator of the Courts may establish a continuing eligible list for any class of positions for which [inadequate numbers of qualified persons are found available for recruitment or appointment] such lists are appropriate. The Chief Administrator may only establish continuing eligible lists for any class of positions filled through open competitive examination. SUPREME COURT

Court Notices

Please take notice that papers commencing an action or special proceedings in the Supreme or County Courts pursuant to the newly amended provisions of CPLR 304 and 306-b are to be filed with the County Clerk and not the clerks at the courthouse. In Suffolk County, the "clerk of the court" is the Suffolk County Clerk for the purposes of CPLR 304 and 306-b (see, County Law Sec.525 subd. 1). The clerks at the court-houses cannot accept papers filed for the purposes of commencing an action or special proceeding. Papers improperly filed with the clerks at the courthouses will not be transferred to the County Clerk for filing and will, instead, be returned to the litigant. Be advised, papers improperly filed with the clerks at the courthouse may not be deemed a "filing" which tolls the running of the applicable statute of limitations.

Please take notice that no Request for Judicial Intervention or its copies will be accepted by this court unless stamped on its face is the County Clerk's certification that the fee for its filing has been paid. This office will not transmit fees for Requests for Judicial Intervention or Index Numbers to the County Clerk. In instances where a fee for a Note of Issue is required present practices will continue. The County Clerk requests that where practicable the Request for Judicial Intervention and fee not be accompanied by papers for submission to the court. Please include a stamped self-addressed envelope in order to expedite the return of your receipted RJL. The Bar is requested to file stipulations of discontinuance in cases which have been assigned under the Individual Assignment System with this office in the first instance. After processing, this office will file the discontinuance with the County Clerk.
