26 (hereinafter “TWIN HILL”); TAILORED BRANDS, INC. (hereinafter “TAILORED BRANDS”);
27 MEN’S WEARHOUSE INC., (hereinafter “MEN’S WEARHOUSE) and DOES 2 through 100,
28 inclusive, and each of them, complains and alleges as follows:

GENERAL ALLEGATIONS

1
2 1. There are 19 of the aforementioned Plaintiffs who are current residents of the State
3 of California.

4 2. There are 79 of the aforementioned Plaintiffs' who currently are, residents of states
5 or nations other than the State of California.

6 3. At all times mentioned herein, defendant TWIN HILL ACQUISITION COMPANY,
7 INC. (hereinafter "TWIN HILL") was, and is a corporate entity incorporated in the State of
8 California and doing business at 6100 Stevenson Boulevard, Fremont, California 94538-2490.
9 TWIN HILL is a wholly owned subsidiary of Defendant TAILORED BRANDS, INC.

10 4. At all times mentioned herein, defendant TAILORED BRANDS, INC. (hereinafter
11 "TAILORED BRANDS") is a corporation with principal corporate and executive offices in
12 California.

13 5. The true names and/or capacities, whether individual, corporate, associate or
14 otherwise of defendants DOES 1 through 100, inclusive, and each of them, are unknown to
15 Plaintiffs, who therefore sue said defendants by such fictitious names. Plaintiffs are informed and
16 believe, and thereupon allege, that each defendant fictitiously named herein as a DOE was legally
17 responsible, negligently or in some other actionable manner, for the events and happenings
18 hereinafter referred to and proximately thereby caused the injuries and damages to Plaintiffs as
19 hereinafter alleged. Plaintiffs will ask leave of court to amend the complaint to insert the true names
20 and/or capacities of such fictitiously named defendants when the same have been ascertained.

21 6. Plaintiffs are informed and believe, and thereupon allege, that at all times mentioned
22 herein, defendants, and each of them, including DOES 1 through 100, inclusive, and each of them,
23 were the agents, servants, employees and/or joint venturers of their co-defendants and were, as such,
24 acting within the course, scope and authority of said agency, employment and/or venture and that
25 each and every defendant, as aforesaid, when acting as a principal, was negligent in the selection
26 and hiring of each and every other defendant as an agent, employee and/or joint venturer.

27 7. At all times mentioned herein, Plaintiffs are and were actual employees of American
28 Airlines Inc. or of commuter airline companies that had working relationships with American

1 Airlines, Inc. (hereinafter collectively referred to as “American Airlines employees”).

2 8. In or about September 2016, American Airlines Inc. implemented a change of
3 uniforms for its worldwide workforce, including but not limited to flight attendants, pilots, ground
4 crews, maintenance crews and service agents. These uniforms (hereinafter “UNIFORMS”) were
5 and are manufactured and/or distributed by Defendant TWIN HILL, and/or TAILORED BRANDS
6 and DOES 1-100. On information and belief, TWIN HILL, TAILORED BRANDS, and DOES 1-
7 100 shipped approximately 1.4 million garments and accessories to more than 65,000 American
8 Airlines employees worldwide. These UNIFORMS were received by various American Airlines
9 employees at various times commencing mainly in or around September 2016 and thereafter.

10 9. As more fully alleged below, these UNIFORMS, manufactured and/or distributed by
11 Defendant TWIN HILL and/or TAILORED BRANDS, AND DOES 100, are dangerously defective
12 as they created and create an unreasonable risk of physical harm to those who wear them and to
13 those who are exposed to them.

14 10. Since the introduction of these UNIFORMS into the workforce, people wearing these
15 UNIFORMS and/or or those exposed to these UNIFORMS have experienced a plethora of health
16 problems, including, but not limited to: dermatological injury, respiratory injury, neurologic injury
17 and allergenic/immunological injuries including, but not limited to, skin rashes, allergenic skin
18 reactions, ear, nose and throat irritation and inflammation, nerve injuries, allergenic and
19 immunological hypersensitivity, auto-immune dysfunction and injuries and numerous other
20 symptoms involving the dermatological, respiratory, neurological and immunological systems.

21 11. The UNIFORMS have been tested by entities hired by TWIN HILL and by American
22 Airlines and the test results show the presence of synthetic materials which contain, but are not
23 limited to, at least the following: formaldehyde, pentachlorophenol, monochlorophenols,
24 tetrachlorophenols, trichlorophenols, toluene, cobalt, cadmium, captafol, chromium, copper, nickel,
25 antimony, benzyl benzoate, hexyl cinnamic aldehyde, benzaldehyde, carbaryl, nonylphenol,
26 nonylphenoethoxylates, lead, arsenic, and caprolactam.

27 12. Shortly after the introduction of the UNIFORMS, thousands of complaints from
28 flight attendants flooded into their unions, the Association of Flight Attendants and the Association

1 of Professional Flight Attendants. The volume was so great that both organizations set up special
2 task forces to address the problems created by the introduction of the UNIFORMS into the American
3 Airlines flight attendant work force.

4 13. The adverse physical reactions were so immediate that American Airlines
5 acknowledged the health concerns expressed by its flight attendants and established a call center to
6 review health concerns and offered replacement garments to its employees.

7 14. The aforementioned chemicals can cause injury to human beings either alone or in
8 combination with each other. Attached as **EXHIBIT 1** is a chart that identifies each Plaintiff along
9 with his or her illnesses and symptoms and the specific chemicals and/or combination of chemicals
10 that were substantial factors in bringing about, prolonging, and/or aggravating Plaintiffs' symptoms
11 and illnesses.

12 15. Plaintiffs are informed and believe, and thereupon allege, that the UNIFORMS were
13 designed, manufactured, and distributed by TWIN HILL TWIN HILL, and/or TAILORED
14 BRANDS, and DOES 1-100.

15 16. All Plaintiffs mentioned herein have experienced adverse health consequences
16 caused by wearing or being exposed to the mandated UNIFORMS, which were manufactured,
17 distributed and provided by TWIN HILL, and/or TAILORED BRANDS, and DOES 1-100 to
18 Plaintiffs.

19 17. TWIN HILL and/or TAILORED BRANDS, and DOES 1-100 did cause adverse
20 health conditions to Plaintiffs by providing UNIFORMS to the Plaintiffs that were negligently
21 manufactured so as to cause adverse health consequences and did cause such adverse health
22 consequences.

23 18. Plaintiffs are further informed and believe, and thereupon allege, that the Defendants
24 did not have adequate safety mechanisms in the manufacturing and distribution of the UNIFORMS
25 so as to reasonably ensure the safety of Plaintiffs. Plaintiffs are further informed and believe, and
26 thereupon allege, that the defective manufacturing process caused the aforementioned chemicals to
27 be present in the UNIFORMS at a level that was harmful to Plaintiffs and that the UNIFORMS were
28 materially different and deviated from TWIN HILL and/or TAILORED BRANDS's intended

1 design which ultimately caused harm to Plaintiffs.

2 19. In the alternative, Plaintiffs allege that the UNIFORMS were defectively designed
3 such that the UNIFORMS violated the expectations of an ordinary consumer. Ordinary consumers
4 do not expect to become ill from wearing their mandated work attire or any piece of clothing for
5 that matter. Nor was the danger of the UNIFORMS readily apparent to an ordinary consumer as the
6 presence of these chemicals is outside the common experience of flight attendants and other users
7 of the UNIFORMS. Moreover, to the extent the aforementioned chemicals were intended by TWIN
8 HILL and/or TAILORED BRANDS to be present in the UNIFORMS, the risk that those chemicals
9 would cause harm to Plaintiffs or other bystanders far outweighed the benefits of their use.

10 20. Plaintiffs are further informed and believe, and thereupon allege, that the Defendants
11 did not provide adequate warnings to Plaintiffs or other consumers regarding the danger posed by
12 the UNIFORMS. Defendants did not provide any warning that the UNIFORMS could cause a
13 plethora of health problems, including, but not limited to: dermatological injury, respiratory injury,
14 neurologic injury and allergenic/immunological injuries including, but not limited to, skin rashes,
15 allergenic skin reactions, ear, nose and throat irritation and inflammation, nerve injuries, allergenic
16 and immunological hypersensitivity, auto-immune dysfunction and injuries and numerous other
17 symptoms involving the dermatological, respiratory, neurological and immunological systems.
18 These dangers are substantial and are not readily recognizable by the ordinary consumer as the
19 chemicals are not identifiable without laboratory testing that is outside the experience of the ordinary
20 consumer.

21 21. Plaintiffs are further informed and believe, and thereupon allege, that the Defendants
22 knew of the danger that the UNIFORMS posed to Plaintiffs and innocent bystanders, but
23 nevertheless failed to provide an adequate warning of that danger.

24 22. As a result of the Defendants' conduct, Plaintiffs suffered severe and permanent
25 injuries while wearing and/or being exposed to the UNIFORMS.

26 **JURISDICTION CONTESTED - PLAINTIFFS' MOTION TO REMAND**

27 23. This action is one of six separate lawsuits originally filed against the same
28 Defendants in the Superior Court of California, County of Alameda: (1) *Melodie Agnello v. Twin*

1 *Hill* [State Case Number RG17880635] (originally filed on October 30, 2017; First Amended
2 Complaint filed April 10, 2018; Second Amended Complaint filed April 27, 2018; Third Amended
3 Complaint filed August 16, 2018); and (2) *Heather Poole v. Twin Hill* [State Case Number
4 RG17876798] (originally filed September 27, 2018; First Amended Complaint filed April 10, 2018;
5 Second Amended Complaint filed April 27, 2018; Third Amended Complaint filed August 16,
6 2018); and (3) *Alexandra Hughes v. Twin Hill* [State Case Number RG18902727] (originally filed
7 April 27, 2018; First Amended Complaint filed August 16, 2018); and (4) *Rosemary Mackonochie*
8 *v. Twin Hill* [State Case Number RG18902720] (originally filed April 27, 2018; First Amended
9 Complaint filed August 16, 2018) and (5) *Michele Wagoner v. Twin Hill* [State Case Number
10 RG18919080] (originally filed August 31, 2018; First Amended Complaint filed October 1, 2018);
11 (6) *Keith Johnson v. Twin Hill* [State Case Number RG19009099] (originally filed March 1, 2019;
12 First Amended Complaint filed June 13, 2019; Second Amended Complaint filed November 29,
13 2019.)

14 24. Each lawsuit names fewer than 100 plaintiffs.

15 25. On May 10, 2018, Defendants removed the four actions to federal court, invoking
16 the Class Action Fairness Act’s mass action provision (28 U.S.C. § 1332(d)).

17 26. On June 10, 2018, Plaintiffs in the four actions filed Motions to Remand, arguing the
18 cases were improperly removed and not within the jurisdiction of the federal court.

19 27. On July 11, 2018, while Plaintiffs Motions to Remand were pending, Defendants
20 informed Plaintiffs they intended to file motions to dismiss under Federal Rules of Procedure, Rule
21 12(b)(6), and provided the grounds for said motions.

22 28. On July 12, 2018, Plaintiffs agreed to amend the four complaints solely to avoid a
23 motion to dismiss while their Motions to Remand were pending.

24 29. On July 23, 2018, the parties filed a Stipulation allowing Plaintiffs to file amended
25 complaints under Federal Rules of Civil Procedure, Rule 15(a)(2).

26 30. By filing this amended pleading, Plaintiffs are in no way waiving their right to
27 remand or engaging in any affirmative conduct or unequivocal assent that would render it offensive
28 to fundamental principles of fairness to remand.

1 and/or TAILORED BRANDS; and DOES 1 through 100, and each of them, and was of such a nature
2 that the defects would not be discovered in the normal course of inspection and operation and use
3 by users thereof. At all times relevant herein, the UNIFORMS were in substantially the same
4 condition as they were when they were originally placed into the stream of commerce by defendants
5 TWIN HILL and TAILORED BRANDS; and DOES 1 through 100, inclusive and each of them.

6 36. Defendants TWIN HILL and TAILORED BRANDS; and DOES 1 through 100,
7 inclusive, and each of them, by and through their officers, directors, employees and/or managing
8 agents, designed, tested, manufactured, and distributed garments and accessories, including the
9 UNIFORMS, to their retailers and customers. The UNIFORMS, contained design and
10 manufacturing defects, including design characteristics and materials which increased the likelihood
11 of a serious injury or death from the chemicals found in the UNIFORMS when the UNIFORMS
12 were being used in a reasonably foreseeable manner.

13 37. Prior to the distribution of the UNIFORMS to the American Airlines employees,
14 including but not limited to plaintiffs, the officers, directors, employees and/or managing agents of
15 defendants TWIN HILL and TAILORED BRANDS; and DOES 1 through 100, inclusive and each
16 of them, were aware of the danger of the UNIFORMS and the severity of the risk of injury or death
17 to consumers, bystanders and users of the UNIFORMS.

18 38. Specifically, prior to the distribution of the UNIFORMS to the American Airlines
19 employees, including but not limited to the plaintiffs, the officers, directors, employees and/or
20 managing agents of defendants TWIN HILL and TAILORED BRANDS; and DOES 1 through 100,
21 inclusive and each of them, were aware that the UNIFORMS at issue herein, were dangerous in their
22 design and manufacture, and that these UNIFORMS were dangerous when used in a reasonably
23 foreseeable fashion, and that the UNIFORMS lacked proper inspections and guard mechanisms to
24 ensure the materials utilized in the production of the UNIFORMS were safe for Plaintiffs. The
25 aforementioned UNIFORMS were designed and manufactured in such a way that an unreasonable
26 risk of injury was posed by the presence of chemicals in the UNIFORMS when used in a reasonable
27 foreseeable manner.

28 39. The production of the UNIFORMS as well as the UNIFORM distribution lacked

1 such reasonable protective measures to prevent injury from dangerous chemicals bonding to the
2 UNIFORMS, despite the fact that TWIN HILL and TAILORED BRANDS; and DOES 1 through
3 100, inclusive, and each of them, were aware of the importance of preventing injury from potentially
4 dangerous chemicals used in the production process and embedded in the UNIFORMS, were aware
5 of the importance of the proper safety mechanisms, such as inspections and proper manufacturing
6 oversight, and despite the fact that it would have been practical and relatively inexpensive for
7 defendants TAILORED BRANDS and TWIN HILL; and DOES 1 through 100, inclusive, and each
8 of them, to incorporate alternative designs and/or chemicals into UNIFORM production, including
9 additional and appropriate safety mechanisms and inspections that would have reasonably protected
10 consumers and users of the UNIFORMS from unreasonable risk of injury.

11 40. Prior to the distribution of the UNIFORMS, the officers, directors, employees and/or
12 managing agents of defendants TWIN HILL and TAILORED BRANDS; and DOES 1 through 100,
13 inclusive and each of them, knew, or should have known, that the UNIFORMS, were substandard
14 and dangerous and would not provide reasonable safety to consumers during foreseeable use,
15 causing the users or bystanders to suffer serious injury during foreseeable use. Moreover, TWIN
16 HILL and TAILORED BRANDS officers, directors, employees and/or managing agents, knew or
17 should have known, that the UNIFORMS, were extremely dangerous and defective with the likely
18 result of serious bodily injury to the users and consumers of such UNIFORMS. The officers,
19 directors, employees and/or managing agents of defendants TAILORED BRANDS and TWIN
20 HILL; and DOES 1 through 100, inclusive and each of them, knew, prior to the distribution of the
21 UNIFORMS to the American Airlines employees including but not limited to Plaintiffs and even
22 prior to the manufacture of the UNIFORMS, of the availability of safer, affordable alternative
23 designs and manufacturing processes for the production, inspection, and distribution of the
24 UNIFORMS, which would have reduced or eliminated the risk of severe injuries to its consumers,
25 users and bystanders.

26 41. Despite this knowledge, defendants TWIN HILL and TAILORED BRANDS; and
27 DOES 1 through 100, inclusive and each of them, by and through their officers, directors, employees
28 and/or managing agents, failed to recall and/or replace the UNIFORMS, issue safety bulletins to the

1 public, advise or warn purchasers or potential users, such as Plaintiffs, by providing warnings of the
2 severe risk of injury from use of the UNIFORMS. Although the officers, directors, employees
3 and/or managing agents of defendants TWIN HILL and TAILORED BRANDS; and DOES 1
4 through 100, inclusive and each of them, were aware of the need to recall and/or replace these
5 garments, including the UNIFORM, issue public safety bulletins, and/or provide adequate warnings
6 and inspections, defendants TWIN HILL and TAILORED BRANDS; and DOES 1 through 100,
7 through the decisions of their officers, directors, employees and/or managing agents, acted in
8 conscious disregard of the rights and safety of consumers, users and/or bystanders, by failing to
9 utilize available safer alternative materials, designs, adequately warn of the hazards, and/or replace
10 or recall these UNIFORMS, prior to the distribution of the UNIFORMS to American Airlines
11 employees including but not limited to Plaintiffs.

12 42. At all times mentioned herein, the officers, directors, and/or managing agents of
13 defendants TWIN HILL and TAILORED BRANDS; and DOES 1 through 100, inclusive and each
14 of them, authorized and/or ratified the conduct of their employees, who knew or should have known
15 of the growing number of serious injuries to consumers, users, and bystanders resulting from the
16 defective condition of the UNIFORMS, designed and distributed by defendants, and the need for an
17 alternative design, alternative materials, lack of injurious chemicals, and use of safety devices,
18 inspections, and different chemical process, and additional warnings.

19 43. Plaintiffs are informed and believe, and thereupon allege, that on or about the time
20 of the use of the UNIFORMS, the UNIFORMS were being used in a reasonably foreseeable manner.
21 As a direct and proximate result of the defective condition of the UNIFORMS, and the conduct of
22 defendants TWIN HILL and TAILORED BRANDS; and DOES 1 through 100, inclusive and each
23 of them, the UNIFORMS seriously injured Plaintiffs while wearing or being exposed to the
24 UNIFORMS in a reasonably foreseeable manner, causing injury to the Plaintiffs, as set forth below.

25 44. As a direct and proximate result of the conduct of defendants TWIN HILL and
26 TAILORED BRANDS; and DOES 1 through 100, inclusive, and each of them, as aforesaid,
27 Plaintiffs were injured and hurt in their health, strength and activity, sustaining injuries to their
28 bodies, and shock and injury to their nervous system and person, all of which said injuries have

1 caused and continue to cause the Plaintiffs great physical, mental and nervous pain and suffering.
2 Plaintiffs are informed and believe and thereupon allege that said injuries will result in some
3 permanent disability, all to their general damages in an amount according to proof pursuant to
4 federal and state law.

5 45. As a direct and proximate result of the conduct of defendants TWIN HILL and
6 TAILORED BRANDS; and DOES 1 through 100, inclusive, and each of them, Plaintiffs have been
7 compelled to employ the services of hospitals, physicians, surgeons, nurses and the like, to care for
8 and treat them, and have incurred hospital, medical, professional and incidental expenses, and
9 Plaintiffs are informed and believe and thereupon allege that by reason of their injuries, Plaintiffs
10 will necessarily incur additional like expenses for an indefinite period of time in the future, the exact
11 amount of which expenses will be stated according to proof pursuant to federal and state law.

12 46. As a direct and proximate result of the conduct of defendants TWIN HILL and
13 TAILORED BRANDS; and DOES 1 through 100, inclusive, and each of them, as aforesaid,
14 Plaintiffs were prevented from attending to their usual occupation, and Plaintiffs are informed and
15 believe and thereupon allege that they will thereby be prevented from attending to their usual
16 occupation for a period of time in the future, and thereby will also sustain a loss of earning capacity,
17 in addition to lost earnings, past, present and future; the exact amount of such losses is unknown to
18 Plaintiffs at this time, Plaintiffs allege said damages according to proof pursuant to federal and state
19 law.

20 **SECOND CAUSE OF ACTION**

21 **NEGLIGENT PRODUCTS LIABILITY**

22 **(Against all Defendants; and DOES 1 through 100 inclusive)**

23 47. Plaintiffs allege as though fully set forth at length, and incorporate herein by
24 reference, all of the allegations and statements contained in paragraphs 1 through 46, inclusive, of
25 the General Allegations and the First Cause of Action.

26 48. Plaintiffs are informed and believe, and thereupon allege, that at all times mentioned
27 herein, defendants TWIN HILL and TAILORED BRANDS; and DOES 1 through 100, inclusive,
28 and each of them, were engaged in the business of manufacturing, fabricating, designing,

1 assembling, distributing, buying, selling, inspecting, testing, analyzing, servicing, repairing,
2 marketing, warranting, maintaining, modifying, altering, controlling, installing, fitting, entrusting,
3 managing, advertising, supervising the use of making representations about and/or warning of
4 defects in, or dangers associated with the use of the said UNIFORMS, including all component parts
5 thereof, and had a duty to manufacture, fabricate, design, synthesize, assemble, distribute, buy, sell,
6 inspect, test, analyze, service, repair, market, warrant, maintain, modify, alter, control, install, fit,
7 entrust, manage, advertise, provide training for the use of, supervise the use of, make representations
8 about and/or warn of defects in, or dangers associated with the use of, the said product, including
9 all component parts and chemicals thereof, in a reasonable manner. Defendants knew, or in the
10 exercise of reasonable care should have known, the UNIFORMS would be used without inspection
11 by consumers and/or bystanders for defects or dangers.

12 49. Plaintiffs are informed and believe, and thereupon allege, that at all times mentioned
13 herein, defendants TWIN HILL and TAILORED BRANDS; and DOES 1 through 100, inclusive,
14 and each of them, breached their above-mentioned duties by negligently, recklessly, and/or
15 carelessly manufacturing, fabricating, designing, synthesizing, assembling, distributing, buying,
16 selling, inspecting, testing, analyzing, servicing, repairing, marketing, warranting, maintaining,
17 modifying, altering, controlling, installing, fitting, entrusting, managing, advertising, supervising
18 and/or failing to supervise the use of, failing to train for the use of, making representations about,
19 warning and/or failing to warn of defects in, or dangers associated with the use of, the UNIFORMS,
20 including all or some component parts thereof, thereby rendering the said product unsafe and
21 dangerous for use by consumers, users and bystanders, which proximately caused the injuries and
22 damages to Plaintiffs, as alleged herein.

23 50. As a direct and proximate result of the conduct of defendants TWIN HILL and
24 TAILORED BRANDS; and DOES 1 through 100, inclusive, and each of them, as aforesaid,
25 Plaintiffs were injured and hurt in their health, strength and activity, sustaining injuries to their
26 bodies, and shock and injury to their nervous systems and persons, all of which said injuries have
27 caused and continue to cause the Plaintiffs great physical, mental and nervous pain and suffering.
28 Plaintiffs are informed and believe and thereupon allege that said injuries will result in some

1 permanent disability, all to their general damages which will be stated according to proof pursuant
2 to federal and state law.

3 51. As a direct and proximate result of the conduct of defendants TWIN HILL and
4 TAILORED BRANDS; and DOES 1 through 100, inclusive, and each of them, Plaintiffs have been
5 compelled to employ the services of hospitals, physicians, surgeons, nurses and the like, to care for
6 and treat them, and have incurred hospital, medical, professional and incidental expenses, and
7 Plaintiffs are informed and believe and thereupon allege that by reason of their injuries, Plaintiffs
8 will necessarily incur additional like expenses for an indefinite period of time in the future, the exact
9 amount of which expenses will be stated according to proof pursuant to federal and state law.

10 52. As a direct and proximate result of the conduct of defendants TWIN HILL and
11 TAILORED BRANDS; and DOES 1 through 100, inclusive, and each of them, as aforesaid,
12 Plaintiffs were prevented from attending to their usual occupation, and Plaintiffs are informed and
