DECISIONS OF INTEREST

NEW YORK | WRONGFUL DEATH

State Found Not Liable for The Death Of Claimant

Claimants brought a negligent supervision and wrongful death claim against defendant. Following a unified trial, the court held that The State of New York was not liable for the death of claimant Xie, an outpatient who resided at the Crisis Center on Wards Island, where her body was found in the East River approximately two weeks after failing to meet the curfew at the residence. Her death was deemed undetermined by the Medical Examiner. Defendant did not negligently supervise the decedent, who prior to her residence at the Crisis Center, would wander away for a few days at a time; and at the time of her disappearance, was a voluntary outpatient with no restrictions on her movement, who had been deemed psychiatrically stable although she had been hospitalized a month earlier for a suicidal gesture.

Suspended Judgment Found to Be in The Best Interest of The Child

In a dispositional hearing, the court had to determine whether to impose a suspended judgment or allow the finding of neglect to remain against respondent A.T., based on her admitted use of excessive corporal punishment against her son, N.G. At a September 4, 2025, hearing, respondent A.T. testified that she was employed by the New York City Police Department (NYPD) for 17 years—initially as a police officer and later as a detective. However, following the neglect proceedings and her related criminal arrest, she was demoted to police officer, suspended, for 30 days, without pay, and placed on modified duty. The court held after weighing the relevant factors and considering the testimony and argument presented at the hearing, the court exercised its discretion and found that granting respondent A.T. a suspended judgment was in the best interest of the child and society.

SECOND CIRCUIT | EMPLOYMENT LITIGATION

Second Circuit Upholds Gender Discrimination Verdict for Former High School Principal

Defendants school district, its board of education, and its former superintendent appealed from a judgment entered in favor of former high school principal plaintiff following a jury trial in the district court. The jury found defendants fired plaintiff and subjected her to a hostile work environment because of her gender in violation of Title VII and the NYS Human Rights Law. It awarded plaintiff \$484,456 in damages. On appeal, defendants contended the verdict on plaintiff's discriminatory discharge claim was not supported by the evidence. They also sought a reduction of the damages award and urged that trial errors required a new trial. The panel affirmed, holding defendants failed to show insufficient evidence supported the verdict, the award of lost-income damages was improper, or the trial was unfair. Defendants' primary challenge arose from a confusing comment made by the district court to the jury during trial, over whether NY allowed plaintiff as high school principal to amend a student's peanut allergy accommodation plan without consulting a particular school committee. The panel found that defendants failed to show they were prejudiced by the comment.

U.S. - EDNY | INSURANCE LITIGATION

Primary Defense Coverage Ordered For Additional Insureds in Personal Injury Case

Plaintiffs Third Street Equity, LLC and Developing NY State, LLC brought an action in New York supreme court against Accredited Surety and Casualty Co., seeking a declaration defendant is obligated to provide defense and indemnity coverage on a primary basis to plaintiffs as additional insureds and to Capital Source Concrete NY LLC for the underlying consolidated personal injury lawsuit, which is pending in Queens County. The main issue before the court was whether the allegations and facts in the underlying lawsuit raised a reasonable possibility of liability caused, in whole or in part, by Capital Source Concrete's acts as is required for coverage under the subject insurance policy. The court granted plaintiffs' partial motion for summary judgment, finding that defendant was obligated to provide defense coverage to plaintiffs for the underlying lawsuit on a primary basis. The court noted that there exists a reasonable possibility that Capital Concrete faces liability through the underlying lawsuit for its alleged negligence in creating the condition that proximately caused the victim's alleged injuries.

NEW YORK | CRIMINAL LAW

Motion to Dismiss Criminal Action for Speedy Trial Violations Denied

Defendant was arrested and charged with one count of criminal contempt in the second degree and one count of harassment in the second degree. Defendant moved to dismiss the action for speedy trial violations. The motion was denied. The court held defendant's speedy trial motion to dismiss a criminal action was denied because the Manhattan District Attorney's Office submitted their off-calendar statement of readiness after close of business via EDDS, validly stopping the speedy trial clock as of the calendar day. For a statement of readiness to be effective the People must only communicate their readiness, at a time when they are ready to proceed, which can be accomplished by sending a written notice to the court clerk, to be placed in the original record by the court clerk.

KINGS | PERSONAL INJURY

Summary Judgment Denied in Case Involving Roof Collapse

Plaintiff alleged that her bathroom ceiling collapsed on her, causing injuries. Defendant Verizon Wireless moved for summary judgment, contending that it neither created nor had actual or constructive notice of the condition that caused the bathroom ceiling collapse. Verizon contended that its rooftop installation, originally completed in 2014, was mounted to the parapet wall and did not penetrate the roof surface above plaintiff's unit, and that no structural modifications to its equipment occurred until 2021. Plaintiff relied on its expert engineer's report opining that the ceiling damage was at a minimum aggravated by vibration from Verizon's recent construction. Also, plaintiff claimed to have personally spoken with Verizon workers on the roof who confirmed they were installing phone towers with drills and that the work caused shaking in her apartment. Due to the presence of issues of fact, Verizon's summary judgment motion was denied.

U.S. - SDNY | DISPUTE RESOLUTION

Arbitration Ordered in Kickback Dispute Between U.S. Reseller and Chinese Manufacturers

Plaintiff, which locates products manufactured abroad for distribution/resale on online retail platforms, sued Chinese manufacturers Anhui Light Indus. and Yoau Electric, from which it purchased products for resale. Plaintiff alleged defendants gave kickbacks to its former buyer, Friedman. Defendants separately moved to compel arbitration. The court granted their motions and directed a stay of the action, holding the arbitration agreements between plaintiff and Anhui cover the instant claims. As a buyer, Friedman represented plaintiff in its procurement of products from Anhui. Friedman was responsible for negotiating the terms of the sales contracts. The alleged kickbacks arose from that relationship and conduct. In exchange, Friedman allegedly abstained from seeking out and purchasing products from Anhui's competitors, while plaintiff continued to enter sales contracts with Anhui. Plaintiff's claims arose from the sales contracts and are brought in connection with them. Plaintiff agreed to arbitrate "all" or "any" dispute "in connection with" the sales contracts, and the bribes defendants allegedly paid to Friedman are "in connection" with defendants' sales to plaintiff.

U.S. - EDNY | CIVIL PROCEDURE

Court Denies Motion to Seal Documents In Class Action Over 'Made in USA' Claims

Plaintiff, individually and on behalf of others similarly situated, brought a putative class action against defendant Handi-Foil Corp. alleging claims under NY GBL §§349-50, seeking monetary relief for the alleged misleading/deceptive business practices and false advertising based upon defendant's mislabeling of its aluminum foil products as made in the USA. The parties jointly applied to file under seal or in redacted form, documents filed in connection with defendant's summary judgment motion and plaintiff's class certification motion. The court noted that general countervailing concerns such as privacy interests, public safety, or preservation of attorney-client privilege were not addressed with any degree of particularity apart from the request to redact plaintiff's email address. Rather, the parties offered that if the information is disclosed publicly, "Handi-Foil would experience financial harm and competitive disadvantage," and "[p]laintiff believes [certain import information] may bear on sensitive competitive sourcing information." The court denied the motion to seal, finding that the parties failed to overcome the presumption of public access.

Lack of Chemical Test Analysis Certificate Rendered Statement of Readiness Invalid

Defendant Ricardo Alvarez was charged with reckless endangerment under Penal Law (PL) § 120.20 and related charges. The defense argued that the prosecution failed to file a chemical analysis test certificate to convert the complaint and therefore were not ready for trial within the 90-day speedy trial deadline. The prosecution argued that the complaint was converted because they filed two supporting depositions: one for the arresting officer and one for a toxicologist who analyzed the blood testing results in the case. Because the prosecution did not submit a chemical test analysis certificate, the superseding complaint was not converted, rendering their SOR invalid. Without a valid SOR, the prosecution was not ready within 90 days of Mr. Alvarez's arraignment, requiring dismissal of the matter pursuant to CPL § 30.30.

WESTCHESTER | FAMILY LAW

Motion for Neutral Expert to Conduct Business Evaluation Denied

Following the commencement of a matrimonial action, a compliance conference was held wherein defendant's counsel made an oral application requesting that the court appoint a neutral expert to conduct a valuation of two separate business entities solely owned by defendant, and to conduct an income stream analysis of Plaintiff's. Defendant's counsel requested that the court direct plaintiff to pay 100% of the fees to the neutral expert sought to be appointed, asserting that his client had only approximately \$1,000 in liquid funds. However, defendant's counsel failed to direct the court to any specific available liquid funds or assets that could be sold to provide payment for such neutral expert costs. The court then denied the application noting that the movant had failed to identify any liquid funds available or non-liquid assets that may be sold to afford the parties the ability to provide payment of the fees for any neutral expert appointed, or any expert willing to accept an appointment on a pro bono basis.

U.S. - SDNY | CONSUMER PROTECTION

Dealer Breached Warranty of Title and Sold Unmerchantable Vehicle Under Lemon Law

Plaintiff brought an action against IDD Cars, LLC d/b/a Volkswagen of Nanuet and American Heritage Federal Credit Union, asserting violations of, among other things, the Magnuson-Moss Warranty Act ("MMWA," also known as the federal lemon law) and the N.Y. General Business Law §349. Plaintiff sought a partial grant of summary judgment on his claims against IDD as to his warranty of title, merchantability, and MMWA claims, while IDD moved for summary judgment on each of plaintiff's claims against it. The court granted each motion, in part, determining that the evidence established that IDD did not have title at the time of sale and had, therefore, breached the warranty of title as a matter of law. The court also noted that there was no dispute that the subject car could not be driven legally under the circumstances and, after Nov. 2, 2021, the car could no longer be driven legally on the roadways, because it was not registered. Finally, given that New York law dictates that the ordinary purpose for which a car is used is transportation, the court concluded that the car was unmerchantable at the time of sale.

CCP Part Rules

Cases appearing on the DCM and CCP Calendars in the Trial Assignment Part are ready for trial. Pursuant to 22 NYCRR §202.27, failure by counsel for a party plaintiff or a self-represented party to appear will subject that case to dismissal. Failure by counsel for a party defendant or self-represented party defendant to appear will subject the case to an immediate injunction.

All cases appearing on the DCM Trial Calendar will be disposed pursuant to the time limits set forth in 22 NYCRR §202.19.
