NEW YORK | CIVIL PROCEDURE

Court Allows Discontinuance of Action To Preserve Other Defendants Claims

Plaintiff settled with defendants The Walt Disney Company and Miramax Film NY, LLC and sought to discontinue the action with prejudice as asserted by plaintiff against settling defendants. Plaintiff and settling defendants agreed to stipulate to discontinue the action with prejudice as asserted by plaintiff pursuant to CPLR 3217(a)(2), but the other defendants, Creative Arts Agency, LLC (CAA) and Harvey Weinstein, did not agree to the stipulation. Plaintiff then filed a motion for an order discontinuing the action with prejudice as asserted by plaintiff against settling defendants. The motion was granted. The court held CAA asserted cross claims for common-law indemnification and contribution against settling defendants. To preserve those claims, the court permitted the discontinuance on the term that the claims were converted into a third-party action.

Insufficient Evidence Allows Court to Dismiss Criminal Action

Defendant was arrested in connection with a purported shooting and charged with violating criminal possession of a weapon in the second degree among other related charges. Thereafter, the defendant was arraigned in Bronx Criminal Court and bail was set. Defendant moved for a trial order of dismissal. The motion was granted. The court held the germane issue in the trial was whether the weight of the facts and evidence presented by the prosecution was legally sufficient to sustain each and every element of the offenses charged in the indictment or any lesser included offenses. The court held that in the absence of a firearm being introduced into evidence coupled with the prosecution's failure to present eyewitnesses or surveillance videos clearly depicting the defendant discharging a loaded and operable firearm, the evidence was insufficient and the case required dismissal.

SECOND CIRCUIT | CRIMINAL LAW

'Kastigar' Motions Properly Denied; Extradition Documents Lack Privileged Information

After a jury trial, defendants Adamu and Landji were convicted of conspiracy to distribute and to possess with intent to distribute five kilograms or more of cocaine. They were each sentenced to 120 months in prison and five years' supervised release. Affirming district court's judgment, Second Circuit rejected defendants' contentions that the government lacked jurisdiction to prosecute under 21 USC §959; that the government violated the Sixth Amendment by improperly using material protected by the attorney-client privilege; and that district court erred in permitting the government to introduce data extracted from their cell phones. Among other things, district court properly denied defendants' Kastigar motions. The court properly concluded that except for one, none of the Extradition Documents contained privileged information but were rather a combination of court documents, handwritten notes by defendants, and emails. Also, the cell phone extractions satisfied Federal Rule of Evidence 901, and their admission did not violate the Sixth Amendment's Confrontation Clause.

U.S. - NDNY | CIVIL PROCEDURE

Default Judgment Granted in Breach Of Contract Suit Over Promissory Note

Under their Nov. 30, 2022, promissory note (Note) New Jersey Resident Malik provided \$100,000 to New York based Ayuryoga Inc. Ayuryoga failed to make interest payments after October 2023 and refused to return the principal amount, in breach of the Note. Plaintiff's Jan. 16, 2025, lawsuit alleges that the nonpayment constitutes a breach of the Note. Ayuryoga neither answered nor appeared and a certificate of default issued on Feb. 20, 2025. Instantly, district court granted Malik default judgment in his action for breach of contract. The court determined that it held diversity jurisdiction, and that Malik had taken all required procedural steps in seeking default judgment. Also, taken as true, Malik's claims established liability on the part of Ayuryoga as to Malik's breach of contract claim. Among other things Ayuryoga failed to perform its obligations under the note, and as a result of the breach Malik suffered damages exceeding \$100,000.

Court Annuls Decision Denying Disability Retirement Benefits

In an Article 78 proceeding against The Board of Trustees of the FDNY, the New York City Fire Pension Fund and Laura Kavanagh, the Fire Commissioner of the FDNY and the Chairperson of the Board of Trustees of the Pension Fund, petitioner moved to annul respondents' denial of his application for Accidental Disability Retirement benefits pursuant to Administrative Code of City of NY § 13-353. The court granted plaintiff's motion finding respondents' decision to adopt the medical board's recommendation to deny petitioner's application for ADR benefits pension, pursuant to New York City Administrative Code § 13-353, was arbitrary and capricious. The court remanded the matter to the Board of Trustees for further proceedings that take the court's decision into account.

KINGS | MEDICAL MALPRACTICE

Medical Malpractice Defendant's Trial Motion To Dismiss Denied

Plaintiff commenced an action for medical malpractice to recover damages for injuries she alleged were sustained as a result of right shoulder surgery performed by defendant doctor. The evidence given by plaintiff at trial demonstrated that during the surgery, defendant sutured through the radial nerve and wrapped a suture around the median nerve. This allegedly caused nerve damage to her right shoulder, arm, hand and fingers. Defendant moved to dismiss the complaint on the ground that plaintiff failed to establish a prima facie case of medical malpractice because she failed to give evidence identifying specific acts of negligence which caused her alleged injuries. The court denied the motion. The court held plaintiff did not rely solely on the injuries to prove malpractice. Her expert testified that defendant deviated from good and accepted medical practice. The expert's examination confirmed decreased sensation in the median nerve distribution in the distal forearm and hand.

Gang Leader's Conviction, Sentence For Murder, Racketeering Denied Vacatur

Martinez was convicted on 14 counts related to three murders and his racketeering activities as a leader of the MS-13 gang. In 2016 the Second Circuit affirmed Martinez's conviction and sentence to life imprisonment, plus an additional consecutive 60-month sentence. Instantly the court denied vacatur of Martinez's convictions under 28 USC §2255, concluding that he showed no basis for relief. The court rejected, as without merit, Martinez's assertions that racketeering, conspiracy to murder, and murder in aid of racketeering were not "crimes of violence" for purposes of 18 USC §924(c). In addition to finding Martinez guilty on the three §924(c) charges, the jury also found him guilty of murdering each of his three victims in aid of racketeering. As to two murders, the jury not only unanimously found Martinez guilty thereof but also found it "proven" that a firearm was both brandished and discharged during the commission of those two murders. It was beyond any doubt that the jury would have found Martinez guilty of the three §924(c) convictions based on the murder predicate alone.

ALJ Erred When Sending Psychiatrist Wrong Form While Seeking Mental Limit Information

Beginning in 2011 plaintiff received Supplemental Security Income (SSI) benefits as a child. Her eligibility therefor was redetermined after she turned 18. On March 15, 2019, defendant determined that plaintiff was no longer eligible for benefits. Both a State Hearing Officer and an Administrative Law Judge concluded that plaintiff was ineligible for benefits, and the Appeals Council denied review. Instantly plaintiff sought review of the Social Security Commissioner's termination of SSI benefits upon plaintiff's attainment of adulthood. On competing motions, the court granted plaintiff judgment on the pleadings. Action was remanded for further administrative proceedings. The court agreed with plaintiff that the action needed to be remanded because, in the course of the five-step evaluation process, the ALJ attempted to secure medical information from the pro se plaintiff's treating psychiatrist but sent the psychiatrist the wrong form, which asked about plaintiff's physical limitations rather than her mental limitations. The ALJ had a heightened duty to develop the record. Thus the ALJ's error could not be excused.

NEW YORK | TRUSTS AND ESTATES

Action Commenced Challenging Validity Of Spousal Election Dismissed

Decedent died on December 6, 2021, survived by his spouse Ann Giurdanella, and their two children, Christine Renzi and Carlo Giurdanella. Pursuant to his will dated September 16, 2020, decedent's assets poured over into the Robert J. Giurdanella Revocable Trust, which provided for the creation of two further trusts of which Ann was an income beneficiary. Decedent's will was admitted to probate by the court and letters testamentary were issued to Christine, as the nominated executor. Ann served and filed a notice of election which Christine rejected as untimely. Ann then commenced a proceeding seeking to determine the validity of her spousal election against decedent's estate. Christine, as respondent-executor, moved to dismiss the petition as untimely. The motion was granted. The court held Ann's allegations regarding the value of the estate were misplaced. She failed to account for approximately \$40 million in real estate business interests owned by decedent, a non-probate asset which was disclosed in the estate's tax returns in February 2023.

Motion to Consolidate Criminal Actions Denied By Court

The Brooklyn District Attorney's Office brought an unopposed motion to consolidate two criminal actions. No discovery had been provided to defendant and Certificate of Compliance (COC) was provided. The defendant was the same in both actions, and the complaining witnesses were his twin daughters. One daughter was a complaining witness in both matters, and the second daughter was a complaining witness in only one of the matters. The motion was denied. The alleged incidents occurred in two different places, four days apart, but the charges were identical. The court held that in the absence of a COC and discovery, it could not be determined whether proof of the offenses charged in one criminal action was material and admissible as evidence in chief at the trial of the other criminal action. It could also not be determined whether, under the Molineux rule, evidence of one alleged crime was sufficiently probative on an issue in the second to outweigh the prejudice involved, namely, the implication of propensity to commit the second crime charged.

Commissioner Granted Judgment on Pleadings In Case Over Disability Benefits Denial

Plaintiff Cuevas sought review of defendant Social Security Commissioner's denial of Social Security Disability Insurance benefits. In the five-step analysis, the administrative law judge found that plaintiff's impairments did not meet or medically equal a listed impairment. The ALJ also found that plaintiff had residual functional capacity (RFC) to perform sedentary work, with limitations, including past relevant work as a systems administrator. On competing motions, the court granted the Social Security Commissioner judgment on the pleadings, and denied plaintiff review. Substantial evidence supported the ALJ's determination, which was free from legal error. Contrary to plaintiff's arguments, the ALJ did consider MRI results that revealed nerve root impingement and severe stenosis, and discussed those results when making his RFC determination. The court also determined that the ALJ did not "cherry pick" evidence when making his RFC determination. It was clear from the ALJ's decision that he considered the allegedly disregarded evidence. The ALJ weighed conflicting evidence within his discretion.

lish a continuing eligible list for any class of positions for which [inadequate numbers of qualified persons are found available for recruitment or appointment] such lists are appropriate. The Chief Administrator may only establish continuing eligible lists for any class of positions filled through open competitive examination. Names of eligibles shall be inserted in such list from time to time as applicants are tested and found qualified in examinations held at such intervals as may be prescribed by the Chief Administrator. Such successive examinations shall, so far as practicable, be constructed and rated so as to be equivalent tests of the merit and fitness of candidates. The name of any candidate who passes any such examination and who is otherwise qualified shall be placed on the continuing eligible list in the rank corresponding to his or her final rating on such examination. The period of eligibility of successful candidates for certification and appointment from such continuing eligible list, as a result of any such examination, shall be fixed by the Chief Administrator but, except as a list may reach an announced terminal date, such period shall not be less than one year; nor shall such period of eligibility exceed four years, except as provided in section 25.17 of this Part. Subject to such conditions and limitations as the Chief Administrator may prescribe, a candidate may take more than one such examination; provided, however, that no such candidate shall be certified

Suffolk County SUPREME COURT Court Notices

Suffolk County SUPREME COURT Court Notices

Please take notice that papers commencing an action or special proceedings in the Supreme or County Courts pursuant to the newly amended provisions of CPLR 304 and 306-b are to be filed with the County Clerk and not the clerks at the courthouse. In Suffolk County, the "clerk of the court" is the Suffolk County Clerk for the purposes of CPLR 304 and 306-b (see, County Law Sec.525 subd. 1).

The clerks at the court-houses cannot accept papers filed for the purposes of commencing an action or special proceeding. Papers improperly filed with the clerks at the courthouses will not be transferred to the County Clerk for filing and will, instead, be returned to the litigant.

Be advised, papers improperly filed with the clerks at the courthouses may not be deemed a "filing" which tolls the running of the applicable statute of limitations.

Please take notice that no Request for Judicial Intervention or its copies will be accepted by this court unless stamped on its face is the County Clerk's certification that the fee for its filing has been paid. This office will not transmit fees for Requests for Judicial Intervention or Index Numbers to the County Clerk. In instances where a fee for a Note of Issue is required preent practices will continue.

The County Clerk requests that where practicable the Request for Judicial Intervention and fee not be accompanied by papers for submission to the court. Please include a stamped self-addressed envelope in order to expedite the return of your receipted RJL.

The Bar is requested to file stipulations of discontinuance in cases which have been assigned under the Individual Assignment System with this office in the first instance. After processing, this office will file the discontinuance with the County Clerk.
