DECISIONS OF INTEREST

NEW YORK | CONTRACTS

Partial Summary Judgment Granted In Breach of Contract Action

In a breach of contract action, the plaintiff moved for summary judgment on all causes of action of the amended complaint, dismissal of the defendants' counterclaims, and damages of \$1,106,281 plus attorney's fees. The defendants opposed the motion and cross-moved for partial summary judgment on the issue of liability for storage expenses. The plaintiff's motion was granted on the first and third causes of action. The court held, as it pertained to the first cause of action, that plaintiff was able to show their prima facie case that defendant violated one of the term agreements in the contract. As for the third cause of action, the court held the defendants' failure to reimburse the plaintiff for storage fees was not an express breach of the parties' agreement as storage fees fell outside the scope of the agreement nor did it constitute a recognizable tort.

Justice Nancy M. Bannon

NEW YORK | CONTRACTS

Defendant Raises Issue of Fact, Summary Judgment Granted for Unpaid Promissory Note

Plaintiff TSLA Capitals, S.A.P.I. DE C.V. sought an award of summary judgment in lieu of complaint against defendant ATL Funds, LLC in the amount of \$24,171,191.66 consisting of \$24,066,182.87 in unpaid principal and \$105,008.79 in interest plus enforcement costs and expenses based on a partially paid promissory note executed by ATL's predecessor by conversion, Northlight Trust 1. ATL opposed the motion on the grounds that the note was not an instrument for the payment of money only and that material facts are in dispute. The motion was granted. The court held because ATL failed to raise any triable issues of fact as to liability, damages or enforcement costs and expenses under the Note and related agreements TSLA was entitled to summary judgment in lieu of complaint.

NEW YORK | CIVIL PROCEDURE

Court Grants Plaintiff's Motion to Extend Time to Serve Defendants

Plaintiff commenced an action to recognize and enforce a foreign country money judgment entered by the Supreme People's Court of the People's Republic of China. Plaintiff moved to extend the time to serve defendants with the summons and complaint in the People's Republic of China through the Hague Convention; and to serve the defendants via counsel for non-parties Yu Heng International Investments Corporation and Yihua Zhu. The non-parties partially opposed only to the extent that plaintiff sought to serve defendants through the non-parties' counsel. The motion to extend time was granted. The court held plaintiff showed good cause for the delay in service and that the interests of justice merited the requested extension of time to serve defendants.

Gongqingcheng Panhui Inv. Mgt. Partnership (Ltd.) v. Zhu, 653028/2023 (January 9)

NEW YORK | REAL ESTATE

Court Treats Motion to Reargue as Summary Judgment; Motion Granted

Plaintiff brought an action to foreclose on a consolidated mortgage encumbering a parcel of commercial real property known as 514 West 44th Street in New York. The mortgage was given by 514 West 44TH Street Inc., non-party Columbia Capital Co. to secure a consolidated and restated mortgage note with an original principal amount of \$2,750,000.00. Plaintiff commenced the action alleging defendants defaulted in repayment under the note. Plaintiff brought a summary judgment motion which was denied. Plaintiff then moved to reargue which was denied, but the court decided to treat it as a successive summary judgment motion. The motion was granted. The court held through affidavits and supporting documents, the plaintiff established the mortgage, note, evidence of mortgagor's default as well as its standing and was sufficiently supported by appropriate documentary evidence.

NEW YORK | CONTRACTUAL DISPUTES

Liability Granted for Plaintiff Concerning Demand of Guaranty Obligations

Plaintiff moved for summary judgment in lieu of complaint against defendant in the amount of \$52,501,980.01 when plaintiff sent defendant a Demand Under Guaranty of Recourse Obligations. Plaintiff also sought default interest from the date of the demand letter; all costs, charges and expenses incurred by plaintiff; and reasonable attorneys' fees and disbursements. The motion was granted solely as to liability. The court held the record demonstrated that plaintiff provided three distinct sums due and owing from defendant during the pendency of the motion as the UCC auction and negotiations surrounding the auction, progressed. Plaintiff stated that the final figure provided, including the loan paydown of \$7,000,000, was the direct result of a revision on September 24, 2025 to its intercreditor agreement.

PPF VII SUB VIII LLC v. Lee-Wen, 653233/2025 (January 8)

RICHMOND | INSURANCE LITIGATION

Insurance Coverage Matter Dismissed As Parties Agreed to Lawsuit Time Restrictions

The court granted defendants' motion to dismiss the complaint in this insurance coverage matter, finding that the time limitations set forth in the policy of insurance and the statute of limitations for negligence rendered the causes of action in the case untimely. The homeowners' policy in question was renewed after the insured had passed away. However, the insured did not actually own the property for some years prior to her passing, as ownership of the property was transferred to an irrevocable trust and to her sons. A claim was filed after the property had suffered water damage. It was denied some 10 months later. Thereafter plaintiff brought suit claiming breach of contract and negligence against the carrier and the insurance agent. In dismissing the action, the court accepted defendants' arguments that the two-year time limitation to bring an action against the carrier provided in the insurance policy was a valid and enforceable provision. The court reasoned that parties, by agreement, may provide for a shorter limitations period than that prescribed by law, which is enforceable, provided it is reasonable and in writing.

Marchiano v. State Farm, 151326/2025 (February 4)

SECOND CIRCUIT | CRIMINAL APPEALS

Second Circuit Affirms Guilty Plea Despite Defendant's Medication Use Before Hearing

Defendant took medications for sleeping problems and bipolar disorder the night before he pleaded guilty to conspiring to distribute cocaine and possessing a firearm. During the plea colloquy, the district court learned that defendant had taken these medications and asked several follow-up questions to confirm that defendant understood the proceedings and felt "clearheaded." Defendant now argued that the district court violated Federal Rule of Criminal Procedure 11 and his constitutional rights because it did not sufficiently inquire into the side effects and other impacts of his medications. The Second Circuit disagreed with defendant and affirmed, finding that his conduct during the plea hearing raised no red flags, so the district court fulfilled its Rule 11 obligation to "explore on the record defendant's ability to understand the nature and consequences of his decision to plead guilty" by confirming that defendant understood the proceedings and felt clearheaded. In any event, the panel held that defendant failed to show plain error because there was no reasonable probability that he would not have pleaded guilty but for the alleged error.

U.S. - SDNY | ADMINISTRATIVE LAW

Challenge to Benefits Termination Dismissed; Party Must Appeal to USAC, FCC Before Suing

Plaintiff alleged Universal Service Administrative Company (USAC), which administers the Federal Communications Commission's (FCC) Lifeline program, arbitrarily and capriciously terminated his participation in the Lifeline program in violation of FCC regulations and the Administrative Procedure Act (APA). Under the Lifeline program, low-income consumers receive a discount on telephone and broadband internet access service through a government subsidy. The program was created and is governed by regulations promulgated by the FCC. USAC is the "permanent administrator of the federal universal service support mechanisms," including the Lifeline program. The court dismissed the complaint, without prejudice, for failure to exhaust administrative remedies. It assumed, without deciding, that USAC could be treated as an agency for APA purposes, but explained that the Communications Act and FCC regulations require aggrieved parties to first seek review from USAC and then from the FCC before turning to federal court. Therefore, plaintiff is required to first attempt to resolve his dispute with USAC directly, then with the FCC, before suing in federal court.

U.S. - SDNY | DISPUTE RESOLUTION

Former CEO Did Not Forfeit Right to Arbitrate Despite Counterclaims; Waiver Claim Denied

Plaintiffs sued their former interim CEO seeking a declaratory judgment that defendant's employment agreement, which contains an arbitration clause, was void ab initio because plaintiffs' board of directors never passed a resolution approving it. Defendant had first initiated arbitration seeking severance, after which plaintiffs filed suit and obtained a stay; defendant then answered with counterclaims, including breach of contract and alternative quasi-contract theories, while expressly reserving her right to arbitrate. Plaintiffs now moved for partial summary judgment, asserting that defendant had waived her right to arbitrate by asserting counterclaims in court. The instant court determined that the proper inquiry was whether a party knowingly acted inconsistently with the right to arbitrate, without any prejudice requirement. The court found no waiver and denied plaintiffs' motion, pointing to the fact that defendant commenced arbitration first; filed largely defensive and compulsory counterclaims in response to plaintiffs' suit; and consistently maintained that the dispute belongs in arbitration.

U.S. - SDNY | FAMILY LAW

Mother in Contempt for Removing Child; Hague Convention Case Stayed Pending Return

Father petitioned for the return to England of E.Q., his minor child with mother, brought under the Hague Convention and the International Child Abduction Remedies Act. After the court issued an Order to Show Cause requiring mother to keep E.Q. in the SDNY, mother relocated E.Q. to Albania and sought dismissal on jurisdictional grounds. Father later filed a motion for contempt. The court denied mother's motions to dismiss the petition seeking the return of her child to England, rejected arguments that the case was moot or outside the court's jurisdiction after she removed the child to Albania, and held that a live controversy remained as the child had not been returned to his habitual residence. The court granted father's motion for contempt, as mother clearly violated an order barring her from removing the child from the SDNY by taking him to Albania, but deferred sanctions and gave her 30 days to return E.Q. The court denied mother's other requests for recusal and protective orders, stayed the case under the Hague Convention pending the child's return, and directed the parties to propose dates for an expedited evidentiary hearing once the child is back in the district.

Qosja v. Krasniqi, 25-CV-2995 (February 2)

U.S. - EDNY | PERSONAL INJURY

Speed-Hump Crack Is a 'Trivial Defect' In Roadway Outside Plaintiff's Residence

This case presented the question of whether the "trivial defect" doctrine forecloses a negligence claim based on a trip and fall from a speed hump. Plaintiff sued for negligence and negligence per se stemming from a trip and fall that occurred at defendant's property, where plaintiff resided. Plaintiff alleged that due to the absence of a pedestrian sidewalk, she had to access her unit by walking on the roadway, which defendant failed to maintain in good repair and in a reasonably safe condition, leading to her shoe becoming caught on a crack contained at the base of a "speed hump". The court granted summary judgment to defendant, finding the condition to be a nonactionable "trivial defect" under NY law. The court held that the alleged crack was open and obvious, occurred in daylight with no obstructions, and did not constitute a trap, especially given plaintiff's familiarity with the area. Since trivial defects do not give rise to liability, the court did not reach constructive notice. It rejected the negligence per se theory, as the cited property maintenance provisions are regulatory, not statutory, and in any event did not overcome the finding of triviality.

COURT NOTES

dations, and ethical frameworks for the responsible use of AI in the state's court system.

Drawing on the diverse expertise of its 40-plus members, the Advisory Committee on Artificial Intelligence and the Courts thoroughly explored the opportunities AI presents to improve efficiency, enhance legal services, and expand access to the courts, while also confronting the serious risks it poses, such as bias, misinformation, and threats to confidentiality and due process.

Based on extensive research, stakeholder engagement, and collaborative deliberation, the 154-page report includes findings, recommendations, and policy proposals from each of the Advisory Committee's six specialized subcommittees: Access to the Courts; Bias and Equity; Court Administration and Management; Evidence, Authenticity, and Reliability; Generative AI in Lawyering and Dispute Resolution; and Knowledge, Proficiency, and Professional Responsibility.

Among the highlights contained in the report are:

- An interim policy on AI use, adopted by the court system in October 2025, that establishes guardrails for judges and court staff, requiring AI training and restricting AI use to approved platforms such as Microsoft Copilot Chat, with the Advisory Committee now monitoring feedback from the 200-plus judges and non-judicial employees who recently completed the court system's Microsoft Copilot Chat pilot program.

- A document produced in connection with the AI use policy that sets forth ethical considerations for judges and their staff in using AI, with an emphasis on confidentiality, judicial independence, and responsible AI use.

- A proposed model rule addressing the use of generative AI by attorneys or litigants in preparing court papers and firmly establishing that any such use of AI must be undertaken in a conscientious manner.

- Recommendations for the use of AI tools that, prioritizing data security, transparency, and account-

ability and guarding against bias, will serve to assist unrepresented litigants and improve language accessibility.

- Findings related to the assessment and admissibility of AI-generated evidence and ways for courts to avoid the risk of unreliable evidence being admitted at trial and prevent unnecessary delays in proceedings, among other evidentiary issues.

- Recommendations on the use of AI to enhance court operations and administration, such as for court research, case inventory management, computer programming, and data security, among other tasks.

- Strategies for mitigating bias, with the Advisory Committee calling for safeguards to ensure that AI tools are developed and implemented in a manner that promotes equity, prevents unfair bias, and supports the courts' ability to safeguard the rights of all individuals, particularly those from historically marginalized communities. The report contains detailed findings from the Bias and Equity subcommittee that address the risks, as well as the legal and ethical challenges, presented by AI in the justice system. These findings underscore the need for guardrails to prevent algorithmic bias, along with crossvalidation protocols and strict limits on AI, particularly in the high-risk context of assisting with crucial decisions such as bail and sentencing.

- Proposals for the creation of educational materials to promote AI literacy for all court users.

- Recommendations for expanded judicial training and CLE programs, with the Advisory Committee on AI in the Courts collaborating with the courts' Advisory Committee on Judicial Ethics in presenting several judicial training programs designed to address some of the legal, practical, and ethical dimensions of AI.

"The use of AI in and by our courts must be thoughtful, careful, and principled," said Chief Judge Rowan D. Wilson. "This report provides a roadmap for harnessing technology to improve efficiency and access to justice while safeguarding fairness and fostering public trust in our courts and justice system."

Suffolk County

SUPREME COURT

Court Notices

Please take notice that papers commencing an action or special proceedings in the Supreme or County Courts pursuant to the newly amended provisions of CPLR 304 and 306-b are to be filed with the County Clerk and not the clerks at the courthouse. In Suffolk County, the "clerk of the court" is the Suffolk County Clerk for the purposes of CPLR 304 and 306-b (see, County Law Sec.525 sub. 1).

The clerks at the courthouses cannot accept papers filed for the purposes of commencing an action or special proceeding. Papers improperly filed with the clerks at the courthouses will not be transferred to the County Clerk for filing and will, instead, be returned to the filer.

Be advised, papers improperly filed with the clerks at the courthouse may not be deemed a "filing" which tolls the running of the applicable statute of limitations.

Please take notice that no request for Judicial Intervention or its copies will be accepted by this court unless stamped on its face is the County Clerk's certification that the fee for its filing has been paid. This office will not transmit fees for Requests for Judicial Intervention or Index Numbers to the County Clerk. In instances where a fee for a Note of Issue is required present practices will continue.

The County Clerk requests that where practicable the Request for Judicial Intervention and fee not be accompanied by papers for submission to the court. Please include a stamped self-addressed envelope in order to expedite the return of your receipted RJL.

The Bar is requested to file stipulations of discontinuance in cases which have been assigned under the Individual Assignment System with this office in the first instance. After processing, this office will file the discontinuance with the County Clerk.
